calendar questions

By: Doodle Bugs

How I Use...

I always teach a big unit of study on the months of the year and the calendar each January. This is one activity I do each year!

I normally use these little giveaway calendars that local businesses give out this time of the year. They have always worked but after a few uses the pages start to tear and look a little bad from students flipping back and forth between each month. And.. I have to go out and find them...

So, this year I made one page calendar for my students to use! We will be putting this to use the week we return to school after Christmas/Winter Break in January!

This activity comes with 27 different questions that work great for center work or as task cards. We will also practice with these cards in small group before this turns into an independent activity.
